PROFILE SUMMARY

Currently, I am pursuing a B.Tech in Computer Science and Engineering with a specialization in Artificial Intelligence and Machine Learning (CSE-AIML). My passion for technology drives me to constantly explore new advancements and integrate my artistic flair into tech projects. I thrive on discovering novel solutions and embracing the ever-evolving landscape of technology.

EDUCATION

GURU TEGH BAHADUR INSTITUTE
OF TECHNOLOGY

- Btech - CSE-AIML

2023
GTB 3RD CENTENARY PUBLIC
SCHOOL

SKILLS

Languages

- Python
- HTML, CSS, Javascript

Frameworks

- Pandas, Numpy, Matplotlib

Tools

- Excel, PowerPoint

Platforms

- Pycharm, Jupyter Notebook, Visual studio code

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

PROJECTS

This Machine Learning Project can be used to predict Housing Prices by assessing their features using various Python libraries like pandas, sklearn, Numpy, Matplotlib and Jupyter Notebook.
